

DID YOU KNOW?

You need to brush for TWO whole minutes to get your teeth properly clean? That is about the length of one full song on the radio!

Brush and Floss Every Day!

Healthy teeth and gums are important for many reasons. Teeth bite, tear, and chew food when you eat. Teeth also help you speak clearly. Clean, healthy teeth help keep the rest of your body healthy, too. And a sparkling smile always helps you look and feel your best!
